News @ Kolb EDCC!

Dear All,

This month is full of fun traditions and awareness for healthy living. For example, it is national heart month and dental health month, so we will be teaching the kids about how to make healthy choices. Did you know February 11th is “make a friend day” and February 26th is “tell a fairy tale day”? There are so many fun days this month so we are going to try and bring as many to life here at EDCC as possible!

The Cubs and Grizzlies will also be learning about the Presidents of the United States and how important they are to our country. We will be studying ground hog day and will be learning about all the wonderful ways to stay green in the environment.

The 2017 Re-Registration packets will be given to you at the beginning of the month so please be on the look out. You will need to fill out the packet and turn it back in along with a check for \$100 (per family, not per child) and you will be all set for another great year at EDCC!

Regards,
Alex Ferraro

Afterschool Activities

If your child has an afterschool activity outside of EDCC, please let us know. You will have to fill out a form that states it is OK for your child to walk to and from the activity by themselves or with the teacher that teaches the activity. If your child is in Kindergarten, we will not let them walk by themselves so you will have to arrange for someone to pick them up and drop them off from the class. Thank you for your cooperation.

Important Dates

February 10th: Full Center Day
(Wear your Pajama's)

February 14th: Valentines Day

February 11th and 25th: Collaboration Days

February 20th: EDCC CLOSED
for President's Day

**American
Heart
Association®**

February is national heart month. We will take time this month to teach the kids about nutrition and how they can make changes in their life to live healthy. Whether it be getting more exercise, playing a sport, or by creating healthy eating habits, they will get to make the decision. To raise awareness for healthy living, we would like all the kids to wear red on Friday, February 3rd ! Thank you!

Join us on SHUTTERFLY to see even more wonderful pictures of your children!
