## **"It's A Great Day At EDCC!"**

*-Notes from Ms. Silva*

EDCC staff members are currently in the process of planning many amazing experiences for your children to partake in during our 2017 Summer Camp Program. Not only do we enjoy creating educational lessons which keep children engaged in furthering their knowledge, but we also take pride in being able to provide students opportunities which help foster social development and safety, such as swim lessons! This year, Frederiksen EDCC swim lessons will take place M-Th during the first two weeks of July, July 5-13, 2017 (Due to the July 4<sup>th</sup> holiday swim lessons will not be held on July 3<sup>rd</sup> and 4<sup>th</sup>). All students must be registered in order to participate. Fees for swimming instruction are not included in your EDCC tuition. An additional participation fee will be payable directly to the Wave Swim Center at the time of registration. More information regarding registering your child for this wonderful opportunity will be going out shortly so please be on the lookout for it!

## Save The Date!!!

On Thursday, April 20, 2017, EDCC Frederiksen will open its doors in the evening to host a "Parent's Night Out" event. All children will need to be picked up by 6:00 PM, but then can be returned at 6:30 PM for fun and excitement which will last until 8 PM. If your kids are with us having fun, then you should definitely be out having fun too! There is no extra cost involved with this service. It is our gift to you for always being so supportive and generous to us! Potty-trained siblings are welcome to attend too. Look for the sign-up sheet which will be located next to the sign in/out binder. Get excited! We sure are!

## Earth Day

Did you know Earth Day is an annual event, celebrated on April 22, on which special events worldwide are held to demonstrate support for environmental protection? It is the largest secular holiday in the world, celebrated by more than a billion people every year. Environmental groups have sought to make Earth Day into a day of action which changes human behavior and provokes environmental policy changes.
