Dear Parents,

January 2018 Newsletter

Welcome back from the holiday break! We hope you enjoyed the New Year with your families and made some new special memories.

We are so excited to start the new year with new STEAM activities! In January, the Cubs will be learning about hot air balloons, winter birds, water, vegetables, and fine arts through various experiments and activities. They will build greenhouses during engineering, design their own art project during art, and make brownies out of black beans during cooking.

The Lions and Tigers will be exploring all about how important literacy is for the brain, different cultures, anything French, how our eyes work, and the Winter Olympics! In this jam packed month, the children will be creating their own word searches during literacy, make their own skin colors during science, and build their own Eiffel Towers during engineering.

What an exciting month to bring in the new year!

Sincerely,

Marissa Minovitz

Thank you to our wonderful parents!

Thank you for the generous gifts during the holiday season. The best gift is that we get to spend time with your children each day they are at EDCC. We are so grateful to have you all in our EDCC family.
