Dates To Remember

School Closed
FULL CENTER DAY
8th

Collaboration Days
10th, 17th, 24th

Minimum Day
31st

"It's A Great Day At EDCC!"

-Notes from Ms. Silva

Welcome to October. The first two months of being back in school have gone by fast and have been great. This month will surely be as spook-tacular as the last two!

We are registered! The Great California Shake Out is an annual earthquake preparedness drill in California. The first drill, known as The Great Southern California Shake Out took place on November 13, 2008, and was the largest earthquake drill in U.S. history up until that time. This year, it will be held on October 18th at 10:18am. Since children are not in attendance with us at that time, we will be having our own Great EDCC Frederiksen Shake Out practice drill at 4:18 PM on that same day! The health and safety of the children we care for is our number one priority, so we thought what better way for them to be prepared than by participating in this event. We are ready!

What A GREAT Idea!

Don't forget to stay up to date with the latest EDCC Frederiksen photos, news, and message board blasts on our EDCC Frederiksen Shutterfly Share Site. With the holidays quickly approaching you may want to use some of those cute photos of your child on DIY gifts you can make for others...think about it! If you aren't a member yet, joining is easy. You can either request to join via your personal Shutterfly account or contact me directly, so I can extend an invitation to join to you.

Extra! Extra! Read All About It!

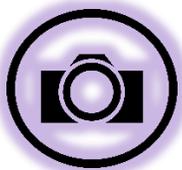

At daily drop off or pick up, please take the time to look at your child's artwork that is always displayed in our classrooms! The students take a lot of pride in the work they do and the people they want to share it with the most are their parents! Also, the parent board is made especially for you, so be sure to check it out too as it is loaded with important information from dates, schedules, newsletters, and daily snack and activity information too.

Safe Trick-Or-Treating Practices

Kids look forward to Halloween for many reasons. They like the dressing up in costumes, but they mostly like it for the candy and treats! For extra fun and excitement this year mom and dad should get into Halloween just as much as their kids do. If you are taking your kids out for the night, dress up as well! Think about it. Make your child's Halloween a memorable holiday, so they'll have precious memories that last a lifetime!

Be sure to remember:

- Children should always go out trick or treating accompanied by a responsible adult.
- Instruct children not to eat any treats until they bring them home to be examined by an adult.
- While trick-or-treating, instruct children never to go into the home of a stranger or get into their car. Explain why this is not a good idea and what to do if someone unfamiliar approaches them and tries to talk to them.
- Make sure children carry a flashlight, glow stick, or has reflective tape on their costume to make them more visible to cars.

Sharks & Minnows In Action!

“Having fun trying to make the energy stick work!”
