EDCC 1.2.3 Philosophy!

1. ENVIRONMENT– is loving, caring and nurturing
2. PROFESSIONALISM– means that our staff is well trained, competent, experienced, appropriate, and responsive.
3. STUDENT GROWTH– promotes activities that are stimulating, challenging and well-rounded.

Dear Kolb Families,

The last month of school is upon us and it is hard to believe another year flew by. To watch the kids grow a little bit older each year is a privilege, so thank you for entrusting us with your precious gems year after year.

During May, we have many fun STEAM activities planned for the kids that they are sure to enjoy. The Cubs will be learning about different parts of the ocean, exploring the rainforest and studying different types of ponds and swamps.

The Grizzlies will be studying 5 different influential people including Michelle Obama, Michael Phelps, Stan Lee, Henry Ford and Richard Feynman who have said many insightful things in their lifetime. They will focus on one quote by each person in particular and extend their learning by interpreting those quotes and understanding the people behind them.

We will be handing out the summer packets very soon so please live by those this summer as it will explain our summer theme, where and when field trips are, and daily activities/lessons we will do each day. It will be another wonderful summer!

Sincerely,

Alex Ferraro

Important Dates

- May 1st-7th: Tuition is due via square or bill pay
- May 1st and 15th: Collaboration Wednesdays
- May 27th: EDCC CLOSED
- May 31st: Minimum Day/Last day of school!

This month (particularly May 12th, 2019) is dedicated to all of the wonderful mothers we have in this world. The kids are truly privileged to have moms like you! We want to celebrate you at EDCC so please join us for breakfast and tea on Monday, May 13th in the morning before you start your day. The party continues to celebrate you, even after the official mother's day date is over. We feel mothers should be celebrated for more than just one day so hopefully this will start your week off great!

Congratulations

May is always a hard month for EDCC teachers as it is the last month we get to spend with our incredible 5th graders. We were fortunate enough to have 4 amazing kids this year, some of which we have watched grow since kindergarten. Join me in congratulating Reva, Everest, Savannah, and Rhea. Thank you for letting us watch you grow through the first chapter of your life and we hope the rest of your journey is unforgettable, dream BIG. We will miss you!
