accepted VIA square or  
auto mail bill pay

# Soaring With Amador EDCC 2019

With September upon us we are officially back in the swing of our school year routine! It has been a busy few weeks and everyone has been enjoying the “back to school” energy. We have been soaking up these last weeks of sunshine and are very much looking forward to all things fall and the exciting school year ahead of us.

In Ms. Katie’s classroom we are going to be transported into the Jurassic period and exploring the fascinating world of dinosaurs. There has been a lot of anticipation around this fan favorite theme, the kids have been eager with suggestions about what curriculum they are hoping to see covered. From exacting fossils, to constructing a dinosaur skeleton, to a competitive dinosaur trivia competition, it is sure to be a DINO-mite month!

In Ms. Jess’ classroom we are going on a safari of knowledge, learning all about jungle habitats. The kids will have the opportunity to create their very own jungle ecosystem, scaled down to their size in shoe box form. We are also looking forward to a variety of science experiments; a jungle bird egg drop, creating elephant toothpaste, and an exciting egg bounce experiment! We are very eager to teach the kids about this unique habitat and hope to inspire a lasting desire to protect it.

Are you a member of Amador’s shutterfly account? Don’t miss out on important upcoming events and wonderful memories posted! If you are not already, become a member and keep yourself in the loop visit our website at:

All EDCC centers close promptly at 6:00 p.m. We ask parents to pick up their child prior to this closing time. It is the parent’s responsibility to arrange for an authorized adult to pick up if the parent cannot be at the center by 6:00 p.m.

Please refer to page 17 of the parent handbook for more info.

Just a reminder...

Now that school is back in session, after school activities have also begun. Please make sure to let your EDCC teachers know if your child is enrolled in one, as it is very important for us to know where you child is at all times. Please see Ms. Jess or Ms. Katie for the form if you have not already filled it out. It is also important to inform us of your child’s absence if you will be picking them up from their after school activity. Children must check into EDCC before going to their activity as a safety precaution.

Ms. Valencia's trivia/ cup challenge- because learning and engineering is fun!

In this activity each group answered various trivia questions to earn cups to build with.

As a team they were challenged to build different structures, meeting certain criteria.

Our Owls working on their social skills and gross motor skills. Playing duck, duck, goose inside while the group is outside in our shady backyard dancing in a game of prize walk!

*A picture is worth a thousand words.  
but the memories are priceless*
